

MAZDA CX-30

EXQUISITE STYLING

As a real-life expression of creativity, the Mazda CX-30 inspires to be bold and different. Motivated by Mazda's Evolved KODO Design language, the CX-30's sleek and sensuous curves, ideal design proportions and full attention to intricate details arouse an innate calmness and stimulates an instinctive attraction to beauty. The sense of vitality created by using light as art is the pinnacle of Mazda design.

"Our designers, modelers, and suppliers came together to think through every way in which the structure could be manipulated to create a deeper, more metallic look while still delivering optimal performance—even going so far as to revisit the absolute basics of plating." - Hiroaki Yokoi, Exterior Design

A CUT ABOVE THE REST

Radiating a level of sophistication beyond its class, the Mazda CX-30 is meticulously designed to offer an interior space ideal for four adults. By providing you a comfortable and pleasant ride on even the longest drives, the Mazda CX-30 redefines driving refinement as both driver and passenger relax in the comfort of a truly sublime ride.

12-Speaker BOSE® Premium Sound System

MAZDA HARMONIC ACOUSTICS

THE NEW STANDARD OF IN-CAR AUDIO

By repositioning the main speakers under the cowl, Mazda engineers were able to design a new 12-Speaker BOSE® Sound System that delivers increased dynamic bass, superior clarity, and depth. A sound so rich, it is a match for those in even the most expensive cars

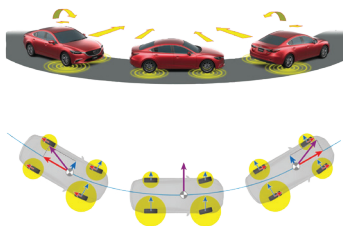

THE ESSENCE OF INTUITIVE DRIVING

The Jinba-Ittai spirit is alive in the Mazda CX-30. With its refined driving feel, you realize a safe, stress-free, and comfortable experience every time you are behind the wheel. SKYACTIV-VEHICLE Architecture is the new Mazda-unique vehicle structure technology that makes all this possible achieving a sense of balance and effortless driving harmony.

Every drive is engaging and
intuitive, thanks to GVC Plus.

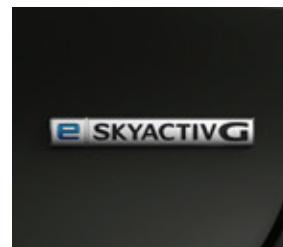

INTRODUCING HYBRID TECHNOLOGY

An innovative evolution of hybrid car technology, Mazda Hybrid maximizes every bit of energy normally wasted during braking.

Instead of being unused, the kinetic energy is stored within the battery, which the integrated electric motor uses to simultaneously propel the vehicle together with the internal combustion engine. Using the stored energy eases the engine's load, thus improving fuel economy and reducing carbon emissions.

JOY WITH PEACE OF MIND

By taking a human-centric approach to vehicle design and safety, we are able to consistently provide a safe and stress-free driving environment so that you can experience Effortless Joyful Driving. Mazda i-Activsense is a suite of technologies that helps prevent accidents and make sure the vehicle is fully prepared in case they do happen.

i-Activsense technologies on the Mazda CX-30:

Smart Brake Support

360° View Monitor

Front and Rear Cross Traffic Alert

Adaptive Front Lighting System

High Beam Control

Mazda Radar Cruise Control

Cruising & Traffic Support

Driver Monitoring System

BE BOLD, BE UNAPOLOGETICALLY YOU
