

MAZDA CX-60

A CROSSOVER LIKE NO OTHER

The pinnacle of Japanese craftsmanship, the Mazda CX-60 has been exquisitely designed inside and out by master craftsmen.

From the carefully selected materials of the interior, to the all-new rear-biased all-wheel drive platform that delights with intuitive handling, it has been engineered with a single purpose in mind: to provide a distinct driving experience.

THE ART OF JAPANESE MASTERY

Mazda designers and engineers are artisans who seek mastery of their skills. After each spends decades perfecting their craft, only then do they earn the title of Takumi, or master craftsman.

Inspired by traditional Japanese aesthetics, Mazda design evokes a powerful and emotional presence. One that connects with you on a human level.

UNIQUELY MAZDA

Powerful. Elegant. Beautiful. KODO Design explores the powerful and irresistible beauty of natural movement in a still object.

Beauty through subtraction distills the Mazda CX-60's design to its purest form. The removal of character lines and the beautifully curved panels reveal the car's form while creating a calm, harmonious space.

Color is a central tenet to Mazda design and the bespoke Rhodium White Premium highlights its shape. The purest form of white developed by Mazda, it accentuates the shadows on the surface, complementing its metallic texture and finish.

A COVETED ART PIECE

Exquisitely sculpted, the Mazda CX-60 eliminates unnecessary elements, leaving only warm, precise surfaces—the elegance that only the KODO Design can give.

The powerful grille with its iconic wing shape is highlighted by sweeping LED headlamps, featuring a distinctive lighting signature for a sleek look. The minimalist elements assert a bold, performance character.

The all-new vehicle platform creates a crossover with ideal proportions, with its long hood and rearward cabin design.

CRAFTSMANSHIP REVOLUTIONIZED

Many things are made, but not all things are crafted. Crafted indicates a process with deeper meaning, signifying a higher level of thought and understanding its purpose with greater attention to detail.

The wide instrument panel with continuous lines running through the cabin is centered around the driver, delivering a carefully considered cockpit design.

Focused on the dignified beauty of empty space, every design element of the Mazda CX-60 interior serves a purpose — nothing is purely ornamental. This puts focus on the highest level of Japanese craftsmanship and carefully curated materials all combined in perfect harmony.

A NEW ERA OF DISTINCTION

Quality materials throughout the cabin create a balanced space of comfort and refinement that harmoniously reflects the changes of light.

Interiors achieve the highest levels of craftsmanship with the tan Nappa leather seats with quilted Leganu inserts. The opulent color is also found on the dashboard center, door cards, and even on the steering wheel—a first for Mazda.

The diverse use of materials all work in perfect harmony to create a calming effect for everyone onboard.

YOUR SPACE ON THE ROAD

Achieving the very highest standards of craftsmanship is just the start for the Mazda CX-60. New technologies deliver a human-centric experience.

A panoramic sunroof lets the cabin bathe in natural light. A hands-free power tailgate eases the loading and unloading of large and heavy items.

Three main displays put everything you need, right where you need it: a 12.3-inch infotainment center display, a large heads-up display, and a fully digital driver's instrument panel.

The latest Mazda Connect infotainment system lets you connect your phone via Android Auto and wireless Apple CarPlay, while a 12-speaker Bose Sound System coupled with the refined quietness of the cabin provide a distinct aural experience.

A COMMANDING PRESENCE

Every single aspect of the Mazda CX-60 has been thought through and refined to perfect the Mazda Jinba-Ittai experience of car and driver in perfect harmony.

Utilizing the Large Vehicle Platform, it maximizes human potential, delivering excellent performance.

Committed to a multi-solution approach to sustainable mobility, the Mazda CX-60 combines strong environmental performance with the driving pleasure inherent in every Mazda.

ELEVATION OF JINBA-ITTAI

The imposing strength and elegance of the Mazda CX-60 convey the intelligence of the striking front-engine, rear-biased all-wheel drive crossover architecture.

Together with a family of inline-6 engines, it sets the tone for Mazda's move into the luxury space.

Built from the ground up, it exemplifies genuine luxury.

DYNAMICS THAT SUIT YOUR SENSES

By distributing the lateral and longitudinal workload between the two axles, and placing all powertrain units at the center, the Mazda CX-60 transmits power to the road surface more efficiently. This is akin to the human body, where core muscles are responsible for load balance.

Additionally, it features Kinematic Posture Control which further adds stability when cornering by braking the inside rear wheel to mitigate body roll. The optimal positioning of the high-voltage battery between the front and rear axles and as low as possible further contributes to the low center of gravity.

The new-generation 3.3-liter e-SKYACTIV-G gasoline and 3.3-liter e-SKYACTIV-D diesel engines feature Mazda Hybrid Boost — Mazda's 48-Volt hybrid system — where its electric motor works simultaneously with either internal combustion engine to propel the CX-60. Either powerplant is mated to an 8-speed automatic with a multi-plate clutch and rear-biased i-ACTIV All-Wheel Drive system.

PASSION TO DRIVE

The ultimate driving experience is assured with the Mazda Intelligent Drive Select system (Mi-Drive).

Allowing the driver to select one of four switchable modes — Normal, Sport, Off-Road, and Towing — it delivers excellent performance and safety in the widest possible range of driving environments.

CREATURE OF COMFORT

Experience a whole new level of personalized comfort and driving ergonomics.

Enter your height and let the Mazda Driver Personalization System do the rest. Using cutting-edge facial recognition technology, it automatically adjusts over 250 settings to fit your preference.

Seat position, steering wheel, mirrors, heads-up display, and even audio and climate settings are all fine-tuned to fit you like a glove.

SAFER ALL AROUND

The Mazda CX-60 introduces advanced technologies that help protect the driver, passengers, and others using the road. It is safety from every angle.

The comprehensive range of safety technologies adds a 360° See-Through View Monitor, Hill Descent Control, and Blind Spot Monitoring with Vehicle Exit Warning.

See-Through View is a next-generation 360° Monitor that provides an extended field of view when parking. Hill Descent Control (HDC) facilitates a safe, controlled descent of steep slopes when the surface is rough or slippery, giving you greater confidence. Blind Spot Monitoring with Vehicle Exit Warning alerts you before opening the door if an object is coming into the vehicle's blind spot, meaning you can exit the car safely.

PRIDE OF OWNERSHIP

Mazda prides itself on building cars that create Kizuna—a lasting, almost inseparable bond forged through trust and support. This creates an emotional bond between car and driver.

Backed up by the concept of Omotenashi or supreme hospitality, it is all about offering premium service to premium customers.

5 YEARS **FREE** SERVICE PLAN

Worry-free ownership is the hallmark of the Mazda driving experience. We believe that ease of ownership is key to a long and lasting relationship with your Mazda.

That is why every brand-new Mazda vehicle includes **FREE** parts and labor for every scheduled Preventive Maintenance Service for five years, or up to 100,000km odometer distance, whichever comes first. If you happen to need assistance, you may avail of emergency towing and minor roadside repair support*, which comes with your brand-new Mazda. These unique benefits further enhance your Mazda's three-year, or 100,000km, New Vehicle Limited Warranty, Bumper-to-Bumper coverage.**

With over 19 full-service dealerships across the country ready to attend to your vehicle's needs, you can celebrate the joy and freedom of driving that only a Mazda can deliver.

Owning a Mazda is more than just driving with confidence and reassurance. A hassle-free ownership experience is the fulfillment of Mazda's promise to be your reliable partner in life's amazing journeys.
