

MAZDA CX-5

DEFINE YOUR OWN RULES

**Overseas model shown.*

Designed to express beauty in motion. Engineered to stimulate the senses.

As the first Mazda model to realize both KODO: Soul of Motion design and SKYACTIV Technology, the New 2024 Mazda CX-5 fulfills its evolutionary journey by once again raising the standards in craftsmanship, power, and safety.

Move with renewed confidence and relish the thrill of transcending the ordinary.

EVOLVED BEAUTY

To breathe life into the car. This is what KODO is all about.

Our design language reflects the refined simplicity of Japanese culture through meticulous attention to fine details.

Crafted with passionate precision and achieving timelessness while being infused with powerful vitality, the Mazda CX-5 evolves into an even more irresistible work of art.

A FUSION OF FUNCTION AND DESIRABILITY

The emotive design of the Mazda CX-5 highlights your zest for life.

Sculpted with passion and reverberating with soul and emotion, it achieves its design potential with a refined solid stance and a new sophisticated mien.

Now more composed and courageous than ever, the Mazda CX-5 lets you achieve your ambitions.

FULLFILLMENT IS IN THE DETAILS

Unparalleled comfort in every drive. This is the essence of the Mazda CX-5's living space.

Adopting learnings from our studies of human balance while in motion, Human-Centric seat design supports the spine's natural S-shaped curve. Tactile controls that feel responsive to the touch and a cabin devoid of clutter and distractions are just some of the ways the Mazda CX-5 reduces fatigue in each journey.

HEIGHTENED CRAFTSMANSHIP

A cabin that realizes heightened refinement is what sets the Mazda CX-5 apart.

Deep Red Nappa leather adorns its plush, molded seats, while soft-to-the-touch surfaces and genuine Japanese Sen Wood accents create a relaxing ambience that soothes the senses and elevates each journey.

Music is a personal experience. This is why Mazda designed an acoustic environment that faithfully replicates the true sound of every instrument.

The 10-Speaker BOSE® Premium Sound System in the Mazda CX-5 transforms every journey into auditory euphoria.

Relish every drive with a sense of oneness with each musical note.

BOSE® PREMIUM SOUND SYSTEM

THRIVE IN ADVENTURE

Now with a Dynamic Pressure Turbo SKYACTIV-G 2.5L gasoline engine, the Mazda CX-5 realizes its full potential as a charismatic and unrivaled premium crossover.

Complemented by proven SKYACTIV-G 2.0L and 2.5L engines in the model range, the Mazda CX-5 willingly caters to your discerning expectations.

Off-Road Traction Assist proactively brakes free-spinning tires and sends full power to wheels with traction to conquer mud, sand, or gravel with confidence.

**Overseas model shown.*

**Overseas model shown.*

THE THRILL OF EXHILARATION

The Dynamic Pressure Turbo SKYACTIV-G 2.5L engine offers unrelenting power at your prodding combined with the satisfaction of an instantaneous release of energy—this is what joy behind the wheel is all about.

SKYACTIV-VEHICLE ARCHITECTURE refinements to the floor panel, body frame, springs and dampers, and seat design result in less noise, vibration, and occupant movement so nothing distracts you from the excitement.

FULL-ON SAFETY AS STANDARD

Mazda i-ACTIVSENSE is an extensive set of safety and driver assistance systems using millimeter-wave radars and cameras — working harmoniously to scan the roads ahead, beside, and behind the vehicle. i-ACTIVSENSE systems aid drivers in recognizing potential hazards and help reduce the occurrence and severity of accidents on and off the road.

**Overseas model shown.*

PROACTIVE SAFETY ESSENTIALS

Lane Departure Warning with Lane-Keep Assist

With cameras mounted on the windshield, the Mazda CX-5 can detect if it is veering off its lane and promptly warns the driver to apply corrective steering.

Combined with Lane-Keep Assist, the Mazda CX-5 can nudge the vehicle back into its lane should the need arise.

Blind Spot Monitoring with Rear Cross Traffic Alert

By detecting vehicles where the driver has least access to peripheral vision, the system reduces the occurrence of collisions when changing lanes or backing out of parking spaces.

Blind Spot Monitoring warns the driver through lamps on the side mirrors, chimes, and a visual alert on the Mazda Active Driving Display of an impending collision even before a change of lane maneuver is initiated.

Rear Cross Traffic Alert similarly alerts the driver when vehicles are approaching from either side while driving in reverse.

Smart City Brake Support and Smart Brake Support

Most collisions happen at slow, urban speeds. Smart City Brake Support assists the driver by braking the vehicle to a full stop at low speeds (from 4kph to 30kph) when it senses an impending collision. The system is also active during slow maneuvers such as parking.

Smart Brake Support performs a similar role at higher speeds (up to 145kph). It primes the brakes for maximum stopping power once it detects a potential collision. If the driver does not take evasive action such as braking or steering, the system automatically brakes the vehicle to a stop.

Mazda Radar Cruise Control

Reducing driver effort is central to driving pleasure. Mazda Radar Cruise Control constantly monitors the relative speed and distance to the car ahead and automatically adjusts vehicle speed to maintain a safe distance from the car in front, relieving some of the burden on the driver on long drives and highways.

CONVENIENCE WITH EVERY DRIVE

Making the driving experience as intuitive and enjoyable as possible is paramount to achieving satisfaction behind the wheel.

The Mazda CX-5 makes use of cutting-edge technology to create a safe and user-friendly driving experience.

**Overseas model shown.*

G-Vectoring Control Plus (GVC+)

The system makes use of engine torque management and brake control to reduce unwanted lateral movements and maintain your body's balance throughout the drive.

By helping reduce steering inputs and corrections as much as possible, GVC+ helps lessen fatigue wherever the journey may lead.

Wireless Apple CarPlay and Wireless Charging

Enjoy each and every drive connected to the essential functionalities of your smartphone, minus the cables.

With wireless Apple CarPlay and charging, you can now rest your smartphone down, confident that it will deliver the information and entertainment you need through the Mazda Connect infotainment system.

Yet another example of the Mazda CX-5 making driving more fulfilling each and every time.

360° View Monitor

Situational awareness helps reduce the occurrence of accidents while driving. With high-resolution cameras positioned at the sides and either ends of the Mazda CX-5, you can see a complete view of the vehicle's immediate surroundings. This gives you the information you need to make the right calls and judgments when maneuvering amidst tight spaces or obstacles.

5 YEARS FREE SERVICE PLAN

Worry-free ownership is the hallmark of the Mazda driving experience. We believe that ease of ownership is key to a long and lasting relationship with your Mazda.

That is why every brand-new Mazda vehicle includes FREE parts and labor for every scheduled Preventive Maintenance Service for five years, or up to 100,000km odometer distance, whichever comes first. If you happen to need assistance, you may avail of emergency towing and minor roadside repair support*, which comes with your brand-new Mazda. These unique benefits further enhance your Mazda's three-year, or 100,000km, New Vehicle Limited Warranty, Bumper-to-Bumper coverage.**

With over 14 full-service dealerships across the country ready to attend to your vehicle's needs, you can celebrate the joy and freedom of driving that only a Mazda can deliver.

Owning a Mazda is more than just driving with confidence and reassurance. A hassle-free ownership experience is the fulfillment of Mazda's promise to be your reliable partner in life's amazing journeys.

#1 in 2016 and 2019 according to the J.D. Power Philippines Customer Service Index (CSI) StudySM
